

## **WELCOME!**

**I am an architect with a passion for design, with more than 5 years of experience. My Function is to improve the interior of your space to achieve a healthier and more aesthetically pleasing environment, without neglecting the personal style of each person.**

## **YOU WILL RECEIVE**

- ✓ **One Initial Inspiration Board.**
  - ✓ **Plan with the exact location of the furniture and measurements.**
  - ✓ **One 3D room.**
  - ✓ **One clickable shopping list. [This is according to project requirements]**
- 
- **This service is strictly for decoration elements selection only. And it is meant strictly for the decoration.**
  - **This service is not meant for combined spaces! The price is per room.**

## **JUST FOLLOW THIS SIMPLE STEPS:**

- **Check in your email a questionnaire and a manual, of how you should take the measurements and the photos to the space that will be designed.**

- **After that, you must measure the room completely, and take pictures from each direction for our reference. You will also need to decide what, if anything, will be staying in the room and measure and take pictures of those items as well. Easy guidance for measurements will be provided.**
- **You will provide us with 5-10 INSPIRATION IMAGES. These can be photos attached. The more inspiration images you can provide, the more we can tailor your design to exactly what you want.**

**Then, you just must wait 5 days for your custom designed room to be ready for your review.**

#### **HOW DOES IT WORK?**

**1. I'll be in touch with a simple questions for you.**

- **You will answer, your style/color preferences.**
- **Existing pieces you want to keep.**
- **Inspirational photos for a better style/vibe understanding of yours.**
- **Your room photos from each direction for our reference.**

**2. Once you send us your answers, I will then go ahead and find the perfect decorative elements to spice up your room.**

**3. I will send you an initial design concept, a 3D room collage, a clickable shopping list within 5 days. In that span.**

**3. I will send you an initial design concept, a 3D room collage, a clickable shopping list within 5 days. In that span of time, YOU WILL ONLY HAVE 5 OPPORTUNITIES TO MAKE CHANGES TO THE PROJECT SO BE VERY METICULOUS WHEN REVIEWING YOUR PROJECT.**

**Keep in mind every item is carefully selected within your budget, so you'll never be surprised by a \$700 lamp on the shopping list!**

**PLEASE NOTE!!! If I do not hear from you for more than 15 consecutive days, you will lose your design revision option and your project will be considered CLOSED with no refund.**

### **WHAT WILL YOU RECEIVE AFTER 5 DAYS?**

- **One Initial Inspiration Board: You will see the color palette and the harmony of the selected decorative elements with each other.**
- **One 3D room collage: It will show you what your complete design will look like with your existing furniture.**
- **One clickable shopping list: The clickable links allow you**

**to go to the products' website directly, and shop at your own pace easily. [[[Shops within your budget and locally to your country]]]**

## **QUESTIONS:**

**A. Is this the price per room?**

**Yes, it is the price per room.**

**B. How will I receive my design?**

**Your design will come as a PDF to ensure that you can click the shopping links and have a high-definition view of your design.**

**C. Will I be notified when my designs are finished?**

**a. Yes, you will receive both an email and a text message notification when your designs are ready to view! Please add STORIE to your contacts so the email doesn't go into.**

**D. Can I use items I already own in my designs?**

**Yes, I'm more than happy to include pieces you already own in your designs. Once you purchase a package, I'll ask you a series of questions about your room and you'll be able to tell your designer if there are pieces you want to include in your designs.**

**E. What types of rooms do you design?**

**I can design your living room, dining room, open**

**living/dining space, entryway, bedroom (kids, master, or guest), home office, or nursery, bathrooms, commercial office spaces. At this time I don't offer design services kitchens and closets.**

**F. Can I design multiple rooms at once?**

**Each package includes just one room. In other words, you need to purchase as many packages as the number of rooms you want to be redesigned.**

**According to the review of the document previously sending, \_\_\_\_\_ I totally agree with the following points:**

- You will only have 5 opportunities to make changes to the project so be very meticulous when reviewing your project.**
- If I do not hear from you for more than 15 consecutive days, you will lose your design revision option and your project will be considered closed with no refund.**
- The project has a price is \$150 for each space. This amount must be paid in advance [before start the project].**

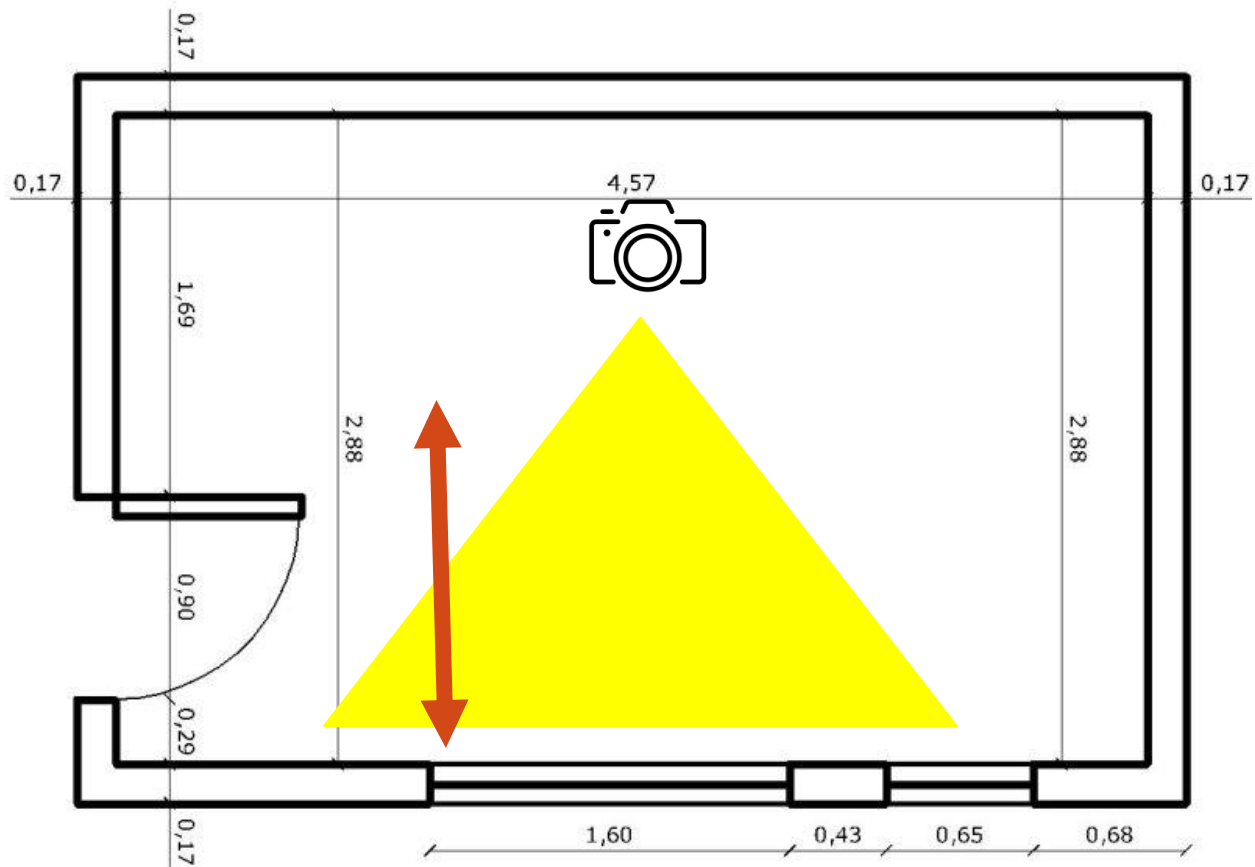

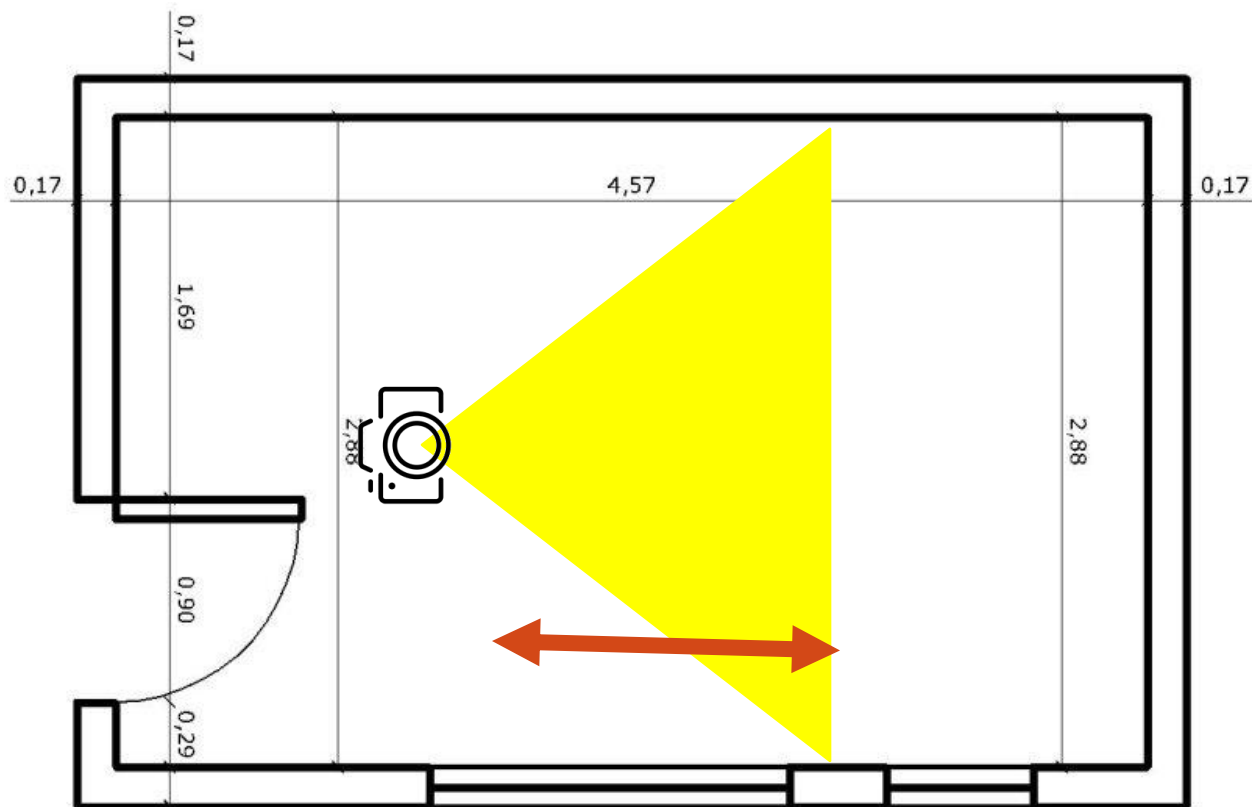

- **If the client requires a visit to the place, this has an extra charge of \$30 [must be paid before the visit].**

**1. Draw a plan of the room you are going to measure**

**2. You must get the measurements of the length and width of the main area of the room.**

**3. Make a drawing of the walls to be measured. Don't forget to include doors and windows in your drawing. Leave enough space on the drawing to record your measurements.**

**Measure the width and height of the wall.**
